

IN THE DRAWING:

Please substitute the enclosed six sheets of formal drawing for all of the drawing sheets originally filed.

IN THE RECORDS OF THE  
UNITED STATES PATENT & TRADEMARK OFFICE

Applicants confirm that the title of this application is as set forth in the Filing Receipt and also on the first page of the specification, namely: "CLOSED-LOOP COLOR CORRECTION USING FACTORY-MEASURED COLOR CUTOFFS ANCHORED TO FIELD-MEASURED WHITE POINT".

To the extent that it may be deemed necessary in view of the variant wording in the Declaration & Power of Attorney, and in certain other documents filed in this case, Applicants hereby amend the title to read as shown in the preceding paragraph.

## REMARKS

Applicants thank Examiner Lamson D. Nguyen for having allowed the claims in this case, and also for having very cogently stated his reasons for allowance. In an excess of caution Applicants include below a minor point regarding one independent claim group.

Applicants also thank the Examiner for having accepted the drawings deposited originally with this application at the time of filing. Applicants would prefer, however, that the patent issue with more-formal drawings and therefore attach a set of such drawings herewith.

### Comments on the Examiner's Statement of Reasons for Allowance

Applicants respectfully note that the stated reasons for allowance of claims 1 through 27 focus upon the "establishing" and "storing . . . for later use" of an absolute perceptual parameter. Claims 17 through 27, however, actually recite the "retrieving" (from storage) and "applying" (i. e., the "later use") of that same parameter.

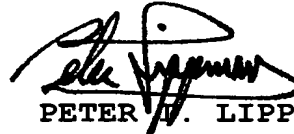

Applicants thus would agree with the Examiner that the retrieving and applying steps of claim 17 are at least very strongly implied by the "storing . . . for later use" of claim 1. Accordingly this comment is tendered only as a matter of covering a technicality that might otherwise be questioned in the future.

Conclusion

In view of the foregoing amendments and remarks, Applicants respectfully request that this application be passed to issue.

It is respectfully requested that, should there appear any obstacle to issuance, the Commissioner's representative telephone the undersigned attorney to try to resolve the obstacle.

Respectfully submitted,

PETER I. LIPPMAN
